## AM-60CVSD VALUE CURRENCY COUNTER

- Outstanding Performance
- Simplicity
- Reliability
- Dependability

## "YOUR BEST CHOICE FOR HEAVY-DUTY CASH PROCESSING"

### Major Features:

**PORTABLE:** Compact footprint design with integrated carrying handle

**ECONOMICAL:** Outstanding Performance at an affordable price. For heavy-duty use at retail and financial institutions.

**FAST and ACCURATE:** Counts over 90,000 banknotes per hour and highest accuracy in counting with full error detection

**PROBLEM-FREE:** Self-diagnosis with easy error messages and alarm system. Low-maintenance under heavy-duty operation

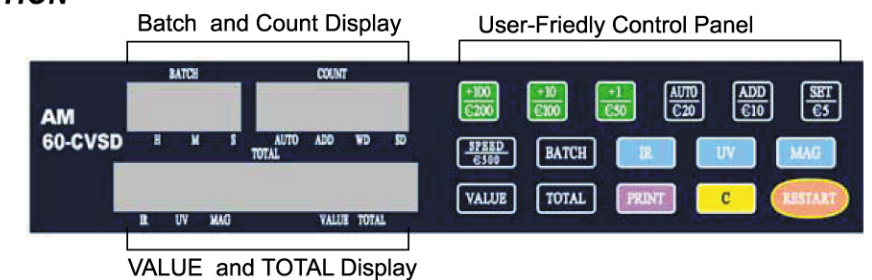

**DETECTION:** Suspect EURO and other world currencies counterfeit detection using Dual MAG and Metal Thread Sensors, UV, and IR

**MIXED VALUE COUNTING:** Mixed Banknotes Value Counting for EURO, Denomination Total and Qty, Grand Total and Print Reports.

**PC INTERFACE:** This model can be available with PC connection (optional) to integrate with Bank or Retail Cash Settlement Software.

AM-60CVSD IN ACTION
